Students need to adhere to the following list of rules when driving their vehicle to school. If students choose not to follow these rules, their driving privilege could be suspended. These rules are designed to promote safety and instill responsibility in our student drivers.

1. Students must turn into the high school office a completed Student Vehicle Record Sheet; receive a parking permit and display it in their **rear vehicle window, (on the lower left side)** when parked on school property.
2. Students are to operate their vehicle in a safe and responsible manner at all times.
3. Students are not to go to their vehicle during the school day. Except during lunch (open campus) If there is a need to, permission must first be obtained from the office personnel.
4. Students are not to drive to Cambria for classes unless extenuating circumstances exist AND permission is first obtained from the school administration.
5. Students driving to “School to Work” or “Independent Study” sites must have a signed “School to Work/Independent Study Driving Form” on file in the high school office and are required to park in the high school parking lot.
